The establishment of AIDA Emilia Romagna

AIDA Emilia Romagna is an autonomous section of AIDA Italia with the aim to promote national and international initiatives related to the insurance sector. AIDA Emilia Romagna promotes the study of insurance law by comparing different national legislations and also by fostering a homogeneous implementation of international agreements.

The *Association Internationale de Droit des Assurances* (AIDA) is a non-profit international association founded in 1960 with the aim of promoting international cooperation in the study of insurance law.

AIDA Emilia Romagna is a unique organization founded in September 2020. Most of its members are academics, insurance lawyers, professionals and brokers.

AIDA Emilia Romagna promotes the *Osservatorio*, a case law observatory offering all its members a reasoned guide to regional and national case law through the publication of judicial measures and commentary notes.

Every year, the association awards the prize AIDA ER to the best essay on insurance law at international, EU and national level. A panel composed by members of the Academic Committee of AIDA Emilia Romagna will select the essays received by the 31st of July of each year and will announce the winner within 30 September.

AIDA Emilia Romagna constantly publishes news related to the insurance world and it organizes debates, meetings and conventions.
